#### French Aviator Killed.

Batag, Morocco, May 6.—Lieutenant Salin Lague was killed today and Pioneer Bonner received slight injuries when the French army airplane in which they were flying today capsized and fell from a height of 1,200 feet. The aviators were returning from a long scouting expedition over country occupied by hostile Moors.

## BASEBALL A PLENTY IN TOWN DURING NEXT FEW DAYS

University Meet Indians and St. Michael's and Latter Play Happys. League Tryout for Clarke

### LINING 'EM OUT

A tough bird for the opposition, when he is going right, is Mr. Demaree, of N. Y.

Twenty-two errors were spilled in the recent Phillies-Giant series. A lot of throwing 'em where they ain't.

Opposing pitcher walked Joe Jackson to get at Larry Lajoie. Lajoie slammed out the hit that won the game. Now, what we want to know is, just what is the sense of squirming from one horn of a dilemma just to impale one's self on the other? . . .

Jack Berry, the Athletics' shortstop, will be out of the game for more than two weeks as a result of a sprain inflicted by Mueller of Washington in the recent series at Philadelphia.

**Postponed—Wet Grounds.** Philadelphia-Boston game postponed; wet grounds.

## COST COL. SELLERS PUBLIC INVITED TO ALBUQUERQUE IS ATTEND MEETING TO ROADSMEN

\$61 TO MAKE THE CAMPAIGN

Mayor and Democratic Candidates File Campaign Statements With Clerk Today; Republican Statement Filed Yesterday.

This week will bring plenty of baseball to the fans. The University of New Mexico team will play the Indian school nine tomorrow afternoon on Hopewell field, and Saturday the St. Michael's team of Santa Fe will clash with the university on Hopewell.

The university has played the Indians two games so far this season. The first game was a tie-breaking tie and the second went to the Indians after five innings of play.

In connection with the Indian game, it is interesting to note that Clarke, the Redskin twirler, is slated for a tryout with the Sioux City Western league club. Clarke made a great record last season. This season he has been shaky of pitching because he wanted to hold himself well in hand for the trial with the minor leagues. He will hurl against the university tomorrow.

St. Michael's team will not only play the university on this trip, but will meet the Happys. That game will take place Saturday afternoon on Hopewell field. In a recent game in Santa Fe the university defeated St. Michael's.

As to that last statement, we desire to state that it goes whether you or the needle has the gloves on.

## VARSITY TRACK TEAM TRAINING FOR STATE COLLEGE MEET

The University of New Mexico track team is training for the dual meet with the State College May 23. A best game will be a feature of the meet.

The varsity is hopeful of victory. Matt Higgins, who was prevented from taking part in the inter-city meet last Saturday by injury, will be all right by the time of the Creeser affair, and the McCannas and Lackets, who had to extend themselves all over the program last Saturday, may make up for Higgins' absence, will be able to concentrate on their specialties. Higgins should help pull up points and the outlook for varsity is really encouraging.

## GALLERY INSTALLED AT DRUMMER ALLEYS

Forlorn hope pitchers have been proving the undoing of Walter Johnson. The Red Sox sent A. Johnson, a recruit, against him in a recent game under the impression that it would be just as well not to waste one of the regulars. The recrunt surprised everybody by outpitching his rival. Connie Mack, offered up Wyckoff, who has been going none too well, as a sacrifice, but he, too, overthrew the speed king of Washington.

Rube Benton is doing capital service for the Reds. His pitching figures extenstively in their stock of victories, he having won all three games which he started and held to man a scoreless King of Washington.

The absence of Barry will be felt by the champs. He was hitting better than any other Mackman.

Among one or two other affairs of nothing to get wrought over is the series of suits organized baseball and the Feds are bringing against each other. If either side collects 15 cents we'll agree to guip down the parchment upon which the order is written.

We still have a hazy, rambling idea that 50 per cent of the fanatics, plus another per cent, are still merely interested in what happens on the ball-field—not in the so-called, more or less, courts of justice.

Joe Tinker thinks the ball used by the Feds is too lively and the manufacturer has been asked to make it 15 per cent more moribund.

According to the Cub, schedule books, Hank O'Day is the author of the foul strike rule. Thought it was Ned Hanlon, but anyway Bill Klein has just become the author of a new chest protector.

A shabby crowd saw a game in the west the other day, while on the Atlantic seaboard they are still sticking to red flannels and seashells.

Pitchers employed by New York clubs hold the major league records (beginning from 1901 on) for winning the greatest number of games in a season. Jack Chesbro led the Yankees to forty-one victories in 1904, the year he sprang the spitball on the opposing opposition, and that mark never has been beaten. Christy Mathewson piloted the Giants to thirty-seven wins four years later and then hung up a National league record that still stands.

John McGraw is greatly impressed with Pittsburgh's strength.

Outfielder Campbell, for whom the Yanks paid the Denver club \$3,000, has been sent to Buffalo.

Chicago is patronizing the Feds strongly, but Pittsburgh and St. Louis are not. Buffalo is a great city for the Feds.

As long as Fred Snodgrass keeps up his present batting streak Mike Donlin will have to play the part of assistant pinch hitter.

Barney McGrath, one-time cleric in the San Marcial Santa Fe office, is pitching for the Topeka Western league club. McGrath started climbing as twirler for the San Marcial nines. He is well known here. At the baseball tournament of the state fair last year he appeared as pitcher for Silver City.

**ONCE MORE CITY STREET FORCE ARE REAL WHITE WINGS**

Street Commissioner Martin Tierney filed a requisition today for three snow-white suits for his street cleaners. The three members of the permanent street gang will blossom forth as immaculate "white wings."

The street gang were uniformed in white a year ago, but in the course of time the suits were worn thin or disappeared for one cause or another until only one member of the gang made any pretense of being an honest-to-goodness whitewings. With the coming of warmer weather and the clean-up period, Tierney's thoughts turned to the trim and spotless effect of the white uniforms and he got his superiors' permission to put the uniforms back in commission.

**Arsenal of Lead and pure Paris Green for spraying all kinds of fruit trees. Will not harm the fruit but will kill the worms.** E. W. FEE.

**HORSE FOUNTAIN**

The old horse fountain at Second street and Gold avenue was taken down today and replaced, under the direction of City Engineer Gladding, by an attractive modern drinking fountain for humans. The new fountain is of the latest type, one of those known as "spubblers." It is strictly sanitary.

The old fountain is to be put up in some other location. Just where, has not been decided yet, but it will probably be on Third street, between Gold and Central avenues.

**French Aviator Killed.**

Batag, Morocco, May 6.—Lieutenant Salin Lague was killed today and Pioneer Bonner received slight injuries when the French army airplane in which they were flying today capsized and fell from a height of 1,200 feet. The aviators were returning from a long scouting expedition over country occupied by hostile Moors.

## ALBUQUERQUE IS HOST TO SHRINE TOMORROW

Twenty-five Candidates for Hot Sand Honors on the Way to Ceremonies of Ballot Ayad Temple.

Local Boosters Want Good Representation at Session Tomorrow Night at Commercial Club.

The public is invited to attend the meeting of the Albuquerque good roads local to be held tomorrow night at the Commercial club, according to Secretary D. R. Lane. The local has been forced to postpone its last meeting because of lack of attendance and the leaders of the good roads movement here do not want this to take place again.

While the Republicans ended their campaign with a balance of \$198 on hand, the Democrats had a deficit of revenue except the dollar dues collected from each member, but we would rather have the members that the dues pay. Local people do not seem to see the need for supporting the good roads movement. In fact, there has been a great disinterest here to let George do it so far as road improvement is concerned. But the people that want someone to do the work of getting good roads for the community are the ones to complain when good roads are not forthcoming.

The Democrats received a total of \$152, and spent it all. The statement includes a list of those who contributed to the campaign fund. The money was expended for canvassing, publicity, automobiles, entertainment, cigars, office rent and other such recognized channels of campaign disbursement.

It cost Col. D. K. B. Sellers \$61 to run for re-election as mayor at the last election, according to the sworn statement he filed today with County Clerk A. E. Walker. It is assumed to be the general impression the "church vote" was against the mayor for re-election, he was magnanimous, because he spent five of the \$61 for "tickets to church supper and dance."

Dr. B. L. Hunt deplores that he spent \$4 in his campaign for council. He expended \$20 for automobile hire, \$8 for printing and \$12 for incidentals.

According to the statement filed yesterday with County Clerk A. E. Walker by the central committee, the Republican campaign cost \$2,355. The receipts were \$2,504. They included a loan of \$1,000. What individual or collection of individuals were willing to make that loan is not shown on the statement. Neither is it shown whether that loan was paid back. Nor is it shown what the tender or lenders expected to get if their money. There is also this simple entry:

"Loan to committee, \$1,000." Elfrigo Baca gave \$200 to the cause. City Clerk Tom Hughes gave \$180. Mayor Boatright gave \$126, and State Senator J. F. Sulzer donated \$145. Other contributions of \$20 and more were made by E. A. Hubbell, \$25; Alfred Grunfeld, \$25; Dr. W. G. Hope, \$25; City Treasurer Al Goodrich, \$25; R. R. Pollock, \$25; G. M. Giomi, \$20; Wood, \$25; Mrs. Barney, \$22; L. H. Chamberlain, \$22; Porterfield, \$22; C. Chadwick, \$22; G. A. Kaseman, \$22, and Joe E. Skinner, \$29. The councilmanic candidates all gave \$15 apiece.

Ninety ward workers were paid \$15 each, two received \$20 and one \$19. One ward worker was highly-prized, at any rate, the committee prided his activities highly. This entry tells about him:

"Jesus
